

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of UFO Moviez India Limited

We have audited the accompanying consolidated financial statements of UFO Moviez India Limited ("the Company") and its subsidiaries and associates, (collectively "the Group") which comprise the consolidated Balance Sheet as at March 31, 2012, and the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2012;
- (b) in the case of the consolidated Statement of Profit and Loss, of the loss for the year ended on that date; and
- (c) in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

## 1. Corporate information

UFO Moviez India Limited ('UFO' or 'the parent company') is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956 ('the Act'). The consolidated financial statements (CFS) of UFO and its subsidiaries collectively referred to as "the Group" are prepared under the historical cost convention and in accordance with the Company's Act 1956. The Group is mainly into the business of providing digital cinema services.

As these financial statements are not statutory financial statements, full compliance with the Act is not required and hence these financial statements do not reflect all disclosures requirement of the Act.

## 2. Principles of Consolidation

- (i) The financial statements of the Company and its subsidiaries have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expense after eliminating intra-group balances and transactions as per Accounting Standard (AS) 21 "Consolidated Financial Statements".
- (ii) The Financial statement include the share of profit / loss of associate companies in which the investor has significant influence and which is neither a subsidiary nor a joint venture, which are accounted under "Equity Method" in accordance with Accounting standard (AS) 23 on Accounting for Investment in Associates in Consolidated Financial Statement, as per which the share of profit/(loss) of associate company has been added and restricted to the cost of investment.
- (iii) The excess of cost to the Parent Company of its investments in the subsidiaries over its portion of equity in the subsidiaries, as at the date on which investment was made, is recognized as goodwill in the consolidated financial statements. The Parent Company's portion of equity in the subsidiaries is determined on the basis of the book value of assets and liabilities as per the financial statement of the subsidiary companies as on the date of investment. Capital reserve on consolidation represents negative goodwill arising on consolidation.
- (iv) **Minority Interest:**  
Minority interest share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of group in order to arrive at the net income attributable to shareholders of the company. In case where losses applicable to minority interest exceed the minority interest in the equity of the subsidiary, the excess of, any further losses applicable to minority interest are adjusted against the parent company's portion of equity in the subsidiary, until all previous losses absorbed by parent are recovered.
- (v) The CFS has been prepared using uniform accounting policies for like transactions and other events in similar circumstances to the extent possible across the group and are presented, to the extent possible, in the same manner as per the parent's separate financial statement, except in case of the accounting policies mentioned below, where there exists variance between Parent and the subsidiary and the impact on account of alignment of such policy with the parent company is not material.
  - (a) Employee benefits (Refer note 2.1 (i))

No adjustments are made for differences in accounting policy for Inventory and depreciation on written down value method.

## 2.1 Summary of significant accounting policies

### Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

**(a) Tangible Fixed Assets**

Tangible fixed assets are stated at cost, net accumulated depreciation and accumulated impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

**(b) Intangible Assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life.

**(c) Depreciation on tangible assets & amortisation of intangible assets**

Depreciation is provided using the Straight Line Method as per the useful lives of the assets estimated by the management, or at the rates prescribed under schedule XIV of the Companies Act, 1956 whichever is higher.

The Group has used the following rates to provide depreciation on its fixed assets

	<b>Rates as per management's estimate of useful lives (SLM)</b>	<b>Schedule XIV Rates (SLM)</b>
Exhibition Equipment	9.50% - 25.00%	7.07%
Plant & Machinery	16.21%	7.07%
Computer	16.21%	16.21%
Furniture and Fixtures	16.67%	6.33%
Office Equipments	16.67%	4.75%
Vehicles	20.00% - 33.00%	9.50%

Leasehold improvements are written off over the period of lease or over a period of 4 years whichever is lower.

Intangible assets are amortised over their estimated useful life as follows.

	<b>Rates as per management's estimate of useful lives (SLM)</b>
Computer Software	10.00%- 16.21%

**(d) Goodwill on consolidation**

Goodwill on consolidation is not amortised and is tested for impairment on an annual basis. Such evaluation determines impairment in value if any, taking into account the ability to recover the carrying amount of goodwill from discounted cash flows. The group also considers projected future operating results, trends and other circumstances in making such evaluations.

In addition to the annual impairment test, the Group will perform an impairment test if an event occurs or circumstances change that would more likely than not reduce the fair value of the reporting unit below its carrying amount.

**(e) Impairment of tangible and intangible assets**

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

**(f) Leases**

**Where the Group is the lessee**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

**Where the Group is the lessor**

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit and Loss.

**(g) Investments**

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Non-current investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

**(h) Inventories**

Inventories comprise of stores and Spares and are valued at cost or at net realisable value whichever is lower. Cost is determined on first in first out basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

**(i) Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

**Income from Services**

- Virtual Print Fee income received from Distributors of the films is recognised in the period in which the services are rendered.
- Advertisement Income is recognised in the period during which advertisement is displayed.
- Digitization income is recognised on rendering of services.
- Theatre programming revenue is recognized for the period of exhibition of movies.
- Registration fee is recognised in the period in which the services are rendered.
- Revenue from annual maintenance is recognised on time proportion basis for the period falling in the reporting period

**Sale of Goods**

Revenue is recognised when the significant risks and rewards of ownership of the goods have been passed to the buyer. Sales are recorded net of returns, trade discounts, and value added tax.

The Group recognizes revenue from sales of equipment and stores as and when these are dispatched/issued to customers.

**Interest**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

**Dividends**

Dividend income is recognised when the Group's right to receive dividend is established by the reporting date.

**(j) Foreign Currency Translation**

Foreign currency transactions and balances

**(i) Initial Recognition**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

**(ii) Conversion**

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

**(iii) Exchange Differences**

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of Group at rates different from those at which they were initially recorded during the year or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

**(k) Translation of foreign subsidiaries**

Translation of foreign subsidiaries are done in accordance with AS – 11 (Revised) "The Effects of Changes in Foreign Exchange Rates". In the case of subsidiaries, the operations of which are considered as integral, the Balance Sheet items have been translated at the closing rate except share capital and fixed assets, which have been translated at the transaction date. The income and expenditure items have been translated at the average rate for the year. Exchange gain / loss are recognized in the statement of profit and loss.

In case of foreign subsidiaries, the operation of which are considered as non-integral, all assets and liabilities are converted at the closing rate at the end of the year and items of income and expenditure items have been translated at the average rate

Any goodwill / Capital reserve arising on acquisition of a non – integral foreign operation is translated at the closing rate.

Exchange gain / loss arising on conversion are recognized under Foreign Currency Translation Reserve.

**(l) Retirement and other benefits**

Retirement benefits in the form of provident fund is a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the employee render related services. There are no other obligations other than the contribution payable to the respective funds.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation. However in case of one subsidiary gratuity liability is accrued over the period of employment and in accordance with U.A.E. Labour Law. The impact on alignment of such change will not be material. The group has an employee gratuity fund managed by Life Insurance Corporation of India.

Actuarial gains/losses are immediately taken to statement of profit and loss and are not deferred.

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

**(m) Income Taxes**

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is "virtual certainty" (as defined in Accounting Standard 22) supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date the Group re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or "virtually certain", as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or "virtually certain", as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

#### **(n) Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares)

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

#### **(o) Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

**(p) Cash and cash equivalents**

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

**(q) Employee Stock Compensation Cost**

Measurement and disclosure of the employee share-based payment plans is done in accordance with the Guidance Note on Accounting for Employee Share-based Payments, issued by the Institute of Chartered Accountants of India. The Group measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense is amortized over the vesting period of the option on a straight line basis. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

**(r) Provisions**

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

**(s) Borrowing Cost**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

**(t) Segment Reporting**

The Group's operations predominantly relate to providing digital cinema services to exhibitors and distributors of films in DCI and Non DCI format. The Group's operating businesses are organized and managed according to the services and are identified as reportable segment based on the dominant source and nature of risks and returns as primary and secondary segments. The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

**(u) Measurement of EBITDA**

As permitted by the *Guidance Note on the Revised Schedule VI to the Companies Act, 1956*, the company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The company measures EBITDA on the basis of profit/ (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, finance costs, finance income and tax expense.

**26. Gratuity and other post-employment benefit plans**

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with an insurance Group in the form of a qualifying insurance policy.

The following tables summaries the components of net benefit expense recognised in the statement of profit and loss account and the funded status and amounts recognised in the balance sheet for the respective plans.

**Net employee benefit expense recognized in the employee cost**

Surplus / Surplus / (deficit)	3,914,290	1,582,450	1,085,007

The estimates of future salary increases considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The Group expects to contribute Rs. 2,272,442/- to gratuity in the next year. (March 31, 2011 : Rs. 19,15,500)

**27. Employee stock option plans**
**Employee Stock Option Scheme 2006 & 2010 :**

The parent group has two ESOP Schemes viz., ESOP Scheme 2006 and ESOP Scheme 2010. All Options granted under ESOP Scheme 2006 are vested. The Shareholders of the group in their Annual General Meeting held on August 17, 2011 had revised the terms and conditions of the Exercise Period of the Options granted under ESOP Scheme 2006 to make it in consonance with ESOP Scheme 2010. The salient features with respect to the revised terms and conditions of the Exercise Period are as follows:

Under ESOP Scheme 2010 a total number of 1,413,497 options were granted at an exercise price of Rs. 161.87 per share. As per the ESOP Scheme 2010, 25% of the options shall vest at the end of each year from the date of grant

- For the employees while in employment of the group : All options vested can be exercised within a period of two years from the date on which the shares of the group get listed on a Recognized Stock Exchange.
- For the retired employees, termination due to permanent disability, death: All vested options may be exercised immediately after but in no event later than six months from the date of listing with a recognised stock exchange.

**The details of activity under the Scheme 2006 are summarised below:**

	31 March 2012		31 March 2011	
	Number of Options	Weighted Average Exercise Price(Rs.)	Number of Options	Weighted Average Exercise Price(Rs.)

Weighted average remaining contractual life (in month)	-	-	-	12

Weighted average fair value of options granted on date of grant was Rs 25.

**Notes to consolidated financials statements for the year ended 31 March 2012**

The details of activity under the Scheme 2010 are summarised below:

	31 March 2012		31 March 2011	
	Number of Options	Weighted Average Exercise Price (Rs.)	Number of Options	Weighted Average Exercise Price (Rs.)
Outstanding at the beginning of the year	1,413,497	161.87	-	-

Exercisable at the end of the year	348,920	161.87	-	-
Weighted average remaining contractual life (in month)	31		43	

**Stock Options granted during the year**

The group has not granted any options during the year

The weighted average fair value of stock options granted during the year was Rs. 53.80 (previous year Rs.53.80). The Binomial valuation model has been used for computing the weighted average fair value considering the following inputs

	31 March 2012	31 March 2011
Weighted average share price	-	164
Exercise Price	-	161.87
Expected Volatility	-	-
Historical Volatility	-	-
Life of the options granted (Vesting and exercise period) in years	-	4
Expected dividends	-	-
Average risk-free interest rate	-	7.69%
Expected dividend (rate)	-	-
Weighted average share price	-	164

Since the group shares are not listed with any stock exchange the expected volatility has been taken as zero. To allow for the effects of early exercise, it was assumed that the employees will exercise the options one year after the vesting date when the share price was twice the exercise price.

There is no effect of the employee share-based payment plans on the profit and loss account and on its financial position.

Had the compensation cost been determined in a manner consistent with fair value approach, the group's Net Income and Earning Per Share as reported would have changed to amount indicated below.

Based on information available with the management, there is no amount due to Micro, small scale and Medium Enterprises as per the Micro, Small and Medium Enterprises Development Act, 2006.

**36. Events subsequent to the Balance Sheet date:**

The board of directors of the group, in its meeting held on November 20, 2014, considered acquiring 80% of the existing equity capital of Valuable Digital Screens Private Limited (VDSPL) engaged in providing digital cinema solutions to residential colonies in remote places, luxury residential projects and clubs etc. and Cinema screening in rural markets using Caravan Cinema vans. The consideration for acquiring this stake is Rs. 50 million and this acquisition is subject to satisfactory operational, financial and legal due diligence by an independent agency. The group has an option to acquire remaining 20% stake on August 31, 2018 at a valuation to be determined based on agreed formula.

The board of directors of the group, in its meeting held on October 22, 2014, approved the acquisition of 1,14,588 (representing 14.91% of the equity share capital) equity shares of Rs.10/- each of its subsidiary, Scrabble Entertainment Limited, held by one shareholder, at the rate of Rs.2,182/- per equity share for a total consideration of Rs. 250 million payable in one or more tranches as may be mutually agreed.

**37. Previous year figures**

Till the year ended 31 March 2011, the group was using pre-revised Schedule VI to the Companies Act 1956, for preparation and presentation of its financial statements. During the year ended 31 March 2012, the revised Schedule VI notified under the Companies Act 1956, has become applicable to the group. The group has reclassified previous year figures to conform to this year's classification. The adoption of revised Schedule VI does not impact recognition and measurement principles followed for preparation of financial statements. However, it significantly impacts presentation and disclosures made in the financial statements, particularly presentation of balance sheet.
