

World's Largest Satellite-based Digital Cinema Network

'Ra.One' makes history as it releases in 1403 UFO Digital Theatres

Widest Release on the UFO Moviez' network till date

October 26, 2011: This year's most anticipated mega movie, India's most expensive film to date, Shahrukh Khan's **'Ra.One'** releases in **1403 UFO digital theatres** today. More theatres are expected to be added over this festival weekend. Ra.One is a science fiction superhero film which is widely expected to break industry records and provide an impetus to 3D cinema in India.

Commenting on Ra.One being the widest release on the UFO Moviez network till date, **Mr. Kapil Agarwal, Joint Managing Director**, UFO Moviez India Limited, said. "Ra.One is expected to be a game changer. We've added nearly 183 theatres to our network (including 69 3D theatres) in the recent past and our steady expansion plans are intended to ensure that films can release to increasingly wider audiences with each passing day. UFO Moviez congratulates Shahrukh Khan, Red Chillies Entertainment and Eros International on the release of this much anticipated film today."
